

SFI Self Adhesive Busbar Ratio

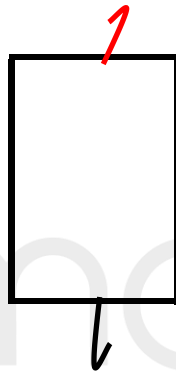

Busbar Location

Every film has LONG side and SHORT side.

You may put Busbar on one side UNLESS:

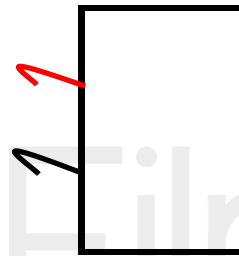

If LONG > 2600mm OR LONG > 3 x SHORT then either alternative works:

Alternative A

Busbar on both SHORT side

Alternative B

Busbar on one LONG side

Examples:

SHORT	LONG	BUSBAR
1500	2650	2 short sides or 1 long side
1000	2500	Any side
200	700	2 short sides or 1 long side

Busbar Space

- When busbar on side less than 1000mm → space between 2 busbars is max 20cm (not less than 10cm)
- When busbar on side more than 1000mm → space between 2 busbars is max 25cm (not less than 10cm)
